## MMC TUBULAR SCREW CONVEYOR

**Features :** Self-adjusting shaft sealing unit Intermediate hanger bearings Sturdy stands to stand on.

9

## MMC BULK FLOW CONVEYOR

**Features :** Fully bolted segmented drive sprocket assembly for rapid replacement  
 • Multi directional sprocket shaft removal • Heavy duty robust sprocket stripper  
 • Positive landing for pedestal bearing mountings facilitating easy change out  
 • Fully bolted segmented trailing wheel assembly for rapid change out  
 • Engineered chain • Versatile welded steel design

## MMC BUCKET CONVEYOR

**Features :** Assuring minimum damage of seeds. Used in Grading plants where breakage & quality of seed is a big issue. Rubberized belt and PVC buckets.

8
